

WASHINGTON, April 2.  
House.—Mr. Hickman, from the committee on Judiciary, reported a bill to extend the right to appeal from decisions of the Circuit Court to the Supreme Court of the United States.  
Mr. Morse ineffectually endeavored to introduce a bill prohibiting the Chinese Coolie trade in American vessels.  
Mr. Burnett objected.  
The bill for the suppression of polygamy in Utah was considered.  
The debate was lengthy.  
Milson, Pryor, Ethridge and others spoke in favor of the bill. Adjourned.  
Senate.—Mr. Hunter, from the Finance Committee, reported back the Indian Appropriation bill, with amendments.  
The bill for the final adjustment of private land claims in Florida, Louisiana, Arkansas and Missouri passed.  
Mr. Davis' Territorial resolutions were called up, when Mr. Southerby made a speech in opposition to the Republican party and its prospective nominee for the Presidency, Mr. Seward.  
Mr. Ten Eyck argued against the extension of slavery into the Territories, contending that no one had a right to interfere with it in the States, and saying it would have been abolished in many places had it not been for unwarrantable interference with it. He regarded the fugitive law as constitutional, and said New Jersey would stand with the Middle States in repelling ultraism and extravagance, and urge upon her sister States to preserve the Union.

## Foreign News.

### GREAT BRITAIN.

In the House of Lords on the 27th Feb., Earl Hardwick called attention to the naval reserves of the country, and complained of their inefficiency in point of numbers and drill.  
The Duke of Somerset explained the state of affairs, and said that including the naval coast volunteers, there was a reserve of between 11,000 and 12,000 men, whose services would never be required except in case of an emergency.  
Another furious gale had visited England. The force of the wind at Liverpool was greater than had been known for years. Several vessels lying in the river Mersey had dragged their anchors, but no serious damage was sustained by them.  
The Atlantic Telegraph Company proposes making an attempt to restore the old cable.  
The London Morning Chronicle says a treaty of alliance has been signed between Russia and Austria. The Chronicle, in a subsequent leader, repeats the news, remarking:—  
This new alliance corroborates the statement we have for some time past reiterated, that there existed a dark and widespread conspiracy against the cause of freedom and progress, and immediately menacing the peace of Europe.  
The British Channel fleet had gone to the Mediterranean, it was rumored, on account of Spain's demanding a large cession of territory from Morocco as one of the conditions of peace.

### ITALY.

The king of Sardinia has been threatened with excommunication by Pio Nono. In consequence of this, says a Turin letter, a commission, consisting of some of the most distinguished advocates of Turin, was appointed to examine the law. They report that no papal excommunication can be received in Sardinia, without the royal exequatur, and that any priest publishing an excommunication without such authority, is liable to prosecution, and even, according to laws yet unrepelled, to the penalty of death.  
The Roman police have forbidden the correspondent of the London Times to reside in the Eternal City.

### LATEST NEWS.

New York, April 1.  
The steamship Bavaria arrived this evening from Southampton the 18th ult., and brings a London paper of that day.  
Rome, March 16.—This morning a great manifestation in favor of the Pope had taken place at the Vatican.  
Paris, Saturday.—The Patrie publishes a letter from Turin, stating that the question of the annexation of Savoy to France had been definitely settled.  
The Patrie also states that negotiations in regard to Tuscany are in a fair way of conclusion. The Emperor had received a deputation from Savoy.  
Naples, March 14.—The Neapolitans who had been sent into exile and others, were informed that they might remain in Naples.  
Austria had disapproved of the service measures intended. An Austrian General had arrived. Ambassadors from the Western Powers had given advice to the King.  
A Turin letter of the 13th says the Sardinian Parliament will not meet till the 12th April.  
The King intends, when the expression of the wishes of the population of Romagna are made known to him, to deliver a speech, declaring that he postpones the acceptance for the present, adding that the negotiations are opened for the purpose of recommending these wishes with respect for the rights of the Holy See. Unfortunately, the negotiations only postpone the crisis for a few days.  
The annexation of Central Italy to Piedmont is accepted everywhere with great enthusiasm.  
At the end of the week the King will start on a tour in the provinces which voted for annexation.  
One of the first acts of the government, as soon as annexation is decided, will be to open a loan of 150,000,000 francs, half

to be negotiated abroad and the rest subscribed for at home.  
The Paris correspondent of the Times says that Prince Corrignan will be Governor General of Tuscany, unless the Imperial idea of a separate step be carried out. There is great wrath here against the Pope. I am told his Holiness has issued another circular, still stronger than the encyclical on the Romagna affair. The remark is said to have been made in a very high quarter; that the Pope would, from the manner he is going on, make the pamphlet in *Pape et Le Congres*, a truth. This means that of all his States only Rome would be left to the Pope.  
Letters from Rome say that agitation is so great that it is doubtful whether the French army will be able to restrain it much longer. The second warning which precedes excommunication is said to have been sent to Turin.—*St. Joseph Gazette*, April 3.
